

Cleaning and other operations at departure Farmerhouse

The following list must be completed before departure:

- * The house will be cleaned after your departure. In order to give the couple that does this enough time to clean the house properly, it is important to leave on time, so before 10.00 am.
- * It is expected that you leave the house broom clean and leave no dirty dishes.
- * If you have changed the interior during your stay, please return it to its original state before departure.
- * On each bed should be a mattress protector, duvet and pillow, with a bedspread over it.
- * The garden furniture inside.
- * Clean used bicycles and canoes.
- * Dispose of glass. The bottle bank is located on the road to the campsite: after the bridge on the right.
- * Refrigerators: leave no broken and perishable goods behind.
- * Please put the blue kitchen service back in the kitchen by the river, the white one back to the big kitchen.
- * Would you be so kind as to ensure that important items are replenished upon departure, such as toilet paper, coffee, tea and sugar?
- * If stoves are used: empty ashtray outside in garbage bag and clean the windows of the stoves. Do not sprinkle ash outside. This is harmful to the environment.
- * Check that all electric heaters are off.
- * When you did use the electric heating: first write down the meter reading. This appears on the display by pressing the upper button once.
- * Are all doors locked? (Please note: door to the terrace: first handle up, then turn the key.)

Out of season, with self-cleaning:

- * Above list.
- * You have until 15.00 on the day of departure to do the next:
- * Floor of small room with old tiles do not vacuum but broom. Other rooms with tiled floors, stairs, and rooms with wooden floors can be vacuumed.
- * Floors of intensively used rooms mop, such as the kitchen and living room.
- * Clean the sink, cutlery tray, cupboards, gas stove and oven, coffee machine and refrigerator. Clean the dining table.
- * Cleaning the bathroom and toilet. Clean shower wall with anti-limescale agent. Clean the shower drain – with for example a screwdriver you can open it and clean it.
- * Close the gas bottle(s).
- * Refrigerator(s): empty, unplug outside the season, leave doors open.
- * Shutters closed
- * Electricity off. Meter next to window 'small living room'. Lever down.
- * Winter, only in consultation: shut off water. See [manual](#) winter.
